## HOW TO DOWNLOAD .ZIP AND PLAY MP3 FILES ON YOUR IPAD OR IPHONE (OR ANY ANDROID PHONE)

Once you've purchased your digital album at [www.musicxart.co.uk](http://www.musicxart.co.uk), you can use your iPad or iPhone to play the songs.

### 1. IZIP/ ZIP VIEWER / WINZIP

Install iZip or a similar free app from the Apple Store or Google Play before you download the album

### 2. DOWNLOAD

Download the album using the link you received from [www.musicxart.co.uk](http://www.musicxart.co.uk) at the time of your purchase

### 3. OPEN

Click "Open in iZip" to open the zip-file in iZip

### 4. EXTRACT

Click "OK" in the dialog "Would you like to extract all files?"

### 5. PLAY

You will now see all the mp3 files from the zip-archive in the left panel of iZip. Tap (click) on any mp3 file in the left panel, it will be played in the Audio Player

Current Apple restrictions will not allow you to synch the mp3 files from a .zip file on your iPad to iTunes. However you can download the .zip file to a computer then synch the mp3 from the computer to iTunes.
